

Photo Booth Assembly Instructions

Complete Assembly

Step 1

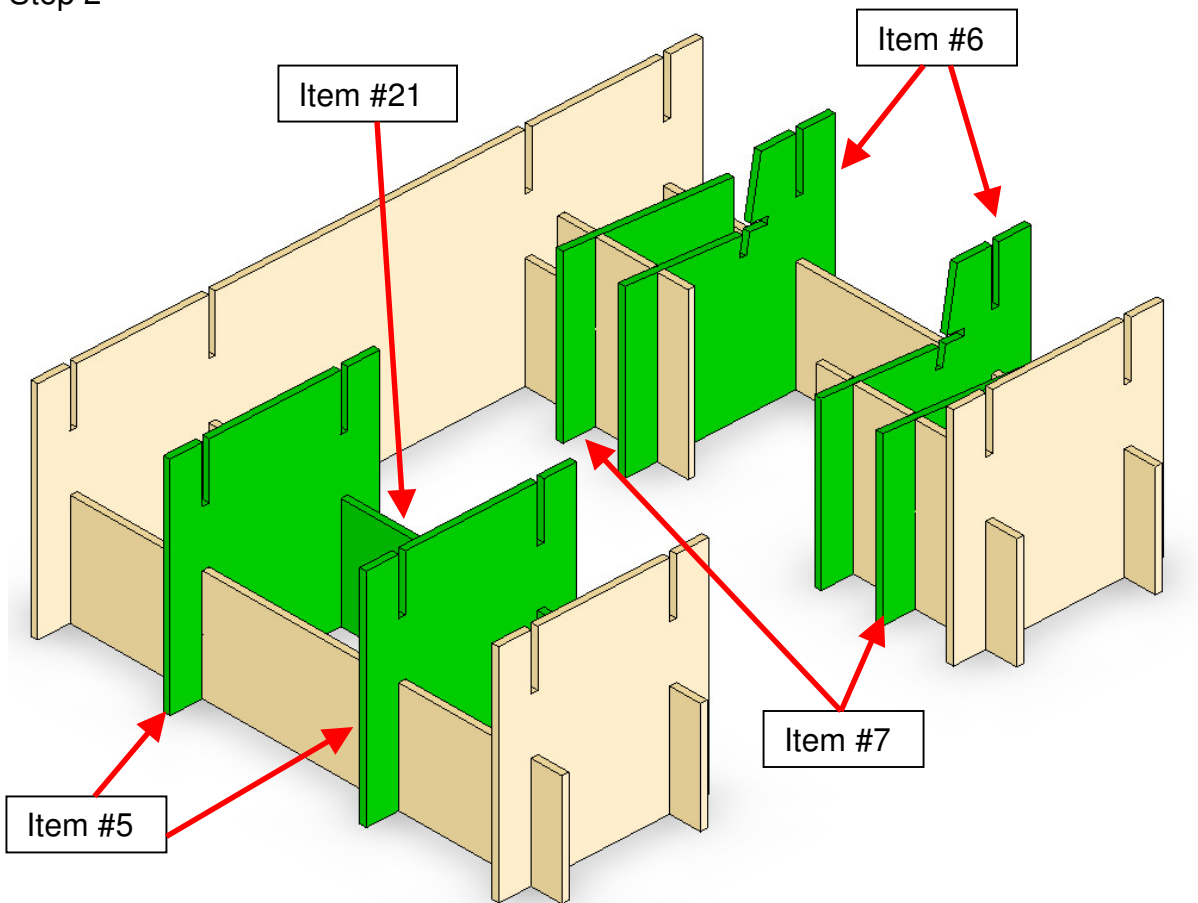

Lay out the base pieces and set the first row of 22.75 inch Front wall and 6 foot Back Wall pieces

Item #4 is the end supports under the Bench.

(NOTE: If you want to leave out the Bench, then use two more of Item #3 instead of Item #4)

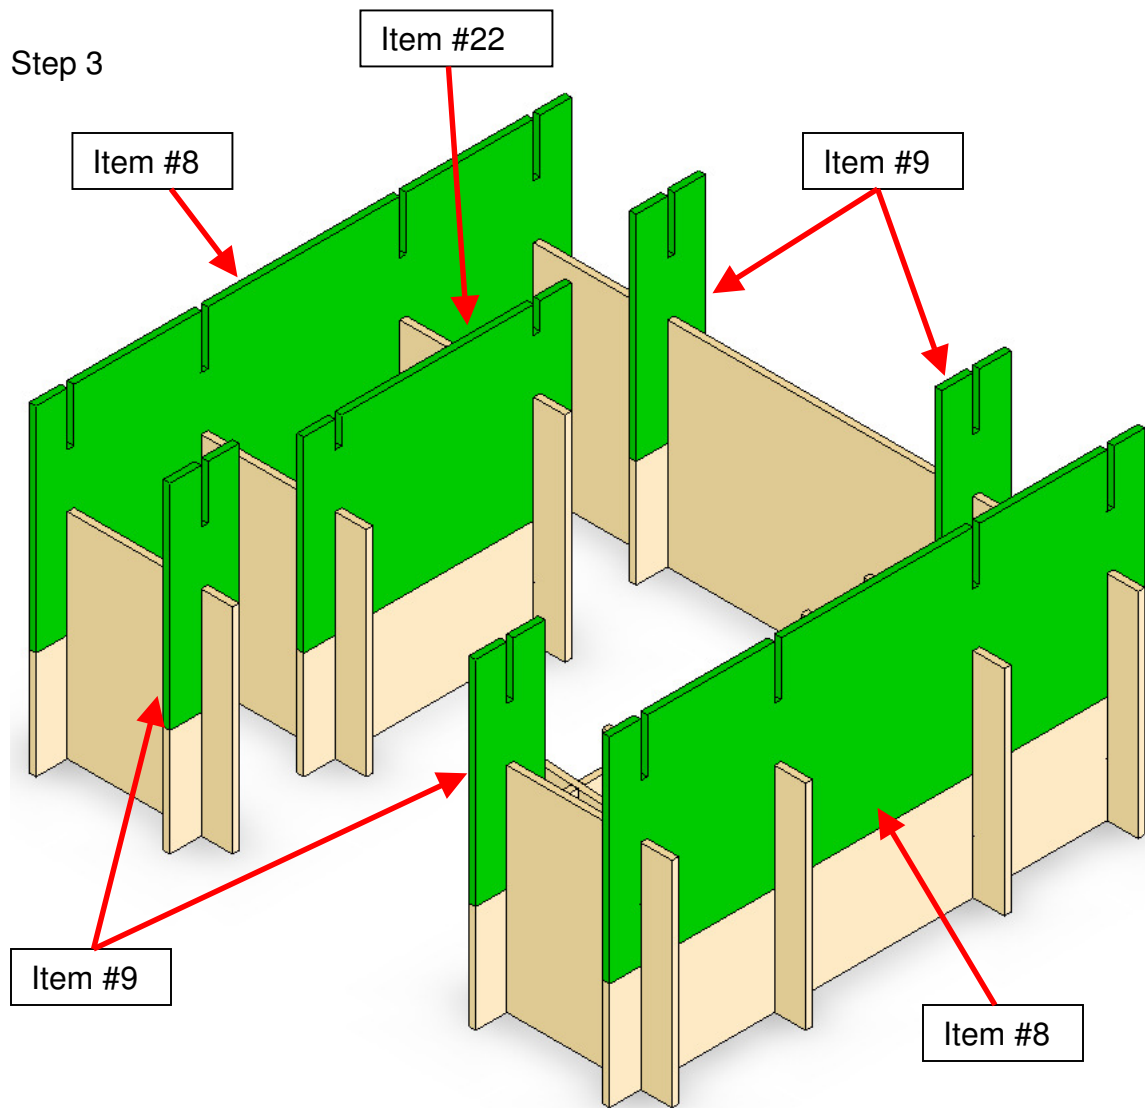

Step 2

Add in the Bench Support pieces and the Stand Support pieces
(Shown from a reverse angle))

(NOTE: If you want to leave out the Bench, then use two more of Item #9 instead of Item #6)

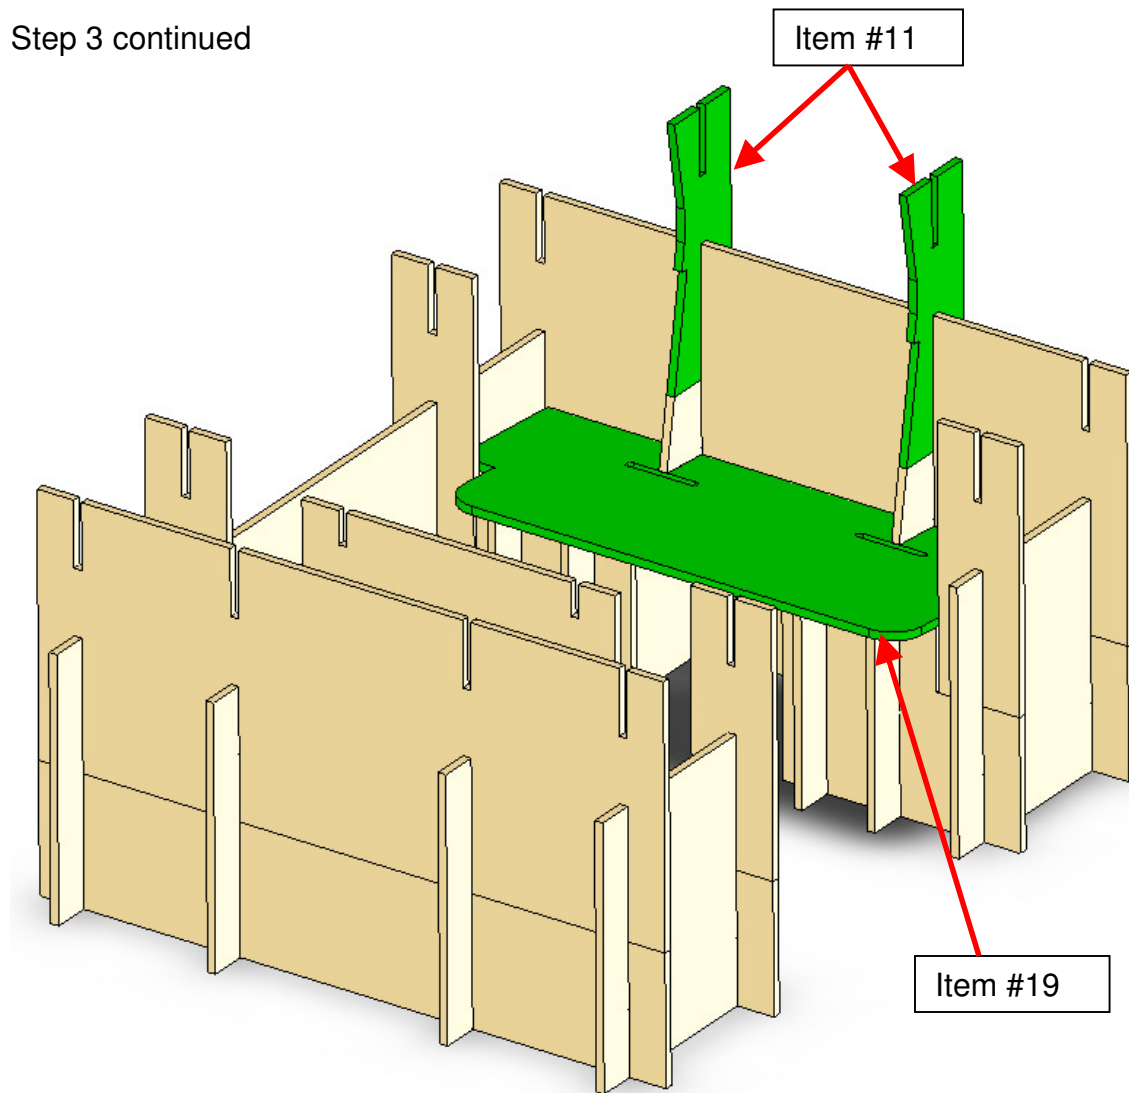

(NOTE: If you want to leave out the Stand, then use two more of Item #9 instead of the two Item #5 in the side wall as shown, and eliminate Item #21)

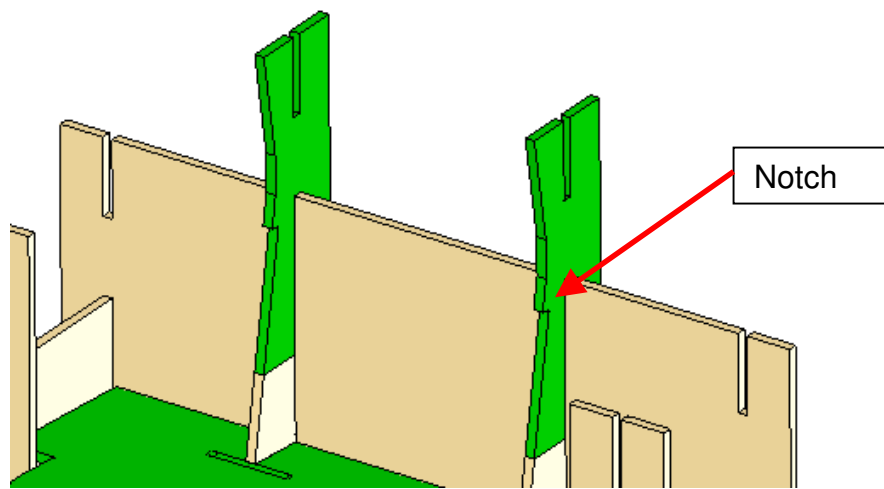

Add the next level 5 foot Side Wall pieces and H pieces front and rear, plus the front of the Stand

(NOTE: If you want to leave out the Stand, then eliminate Item #22)

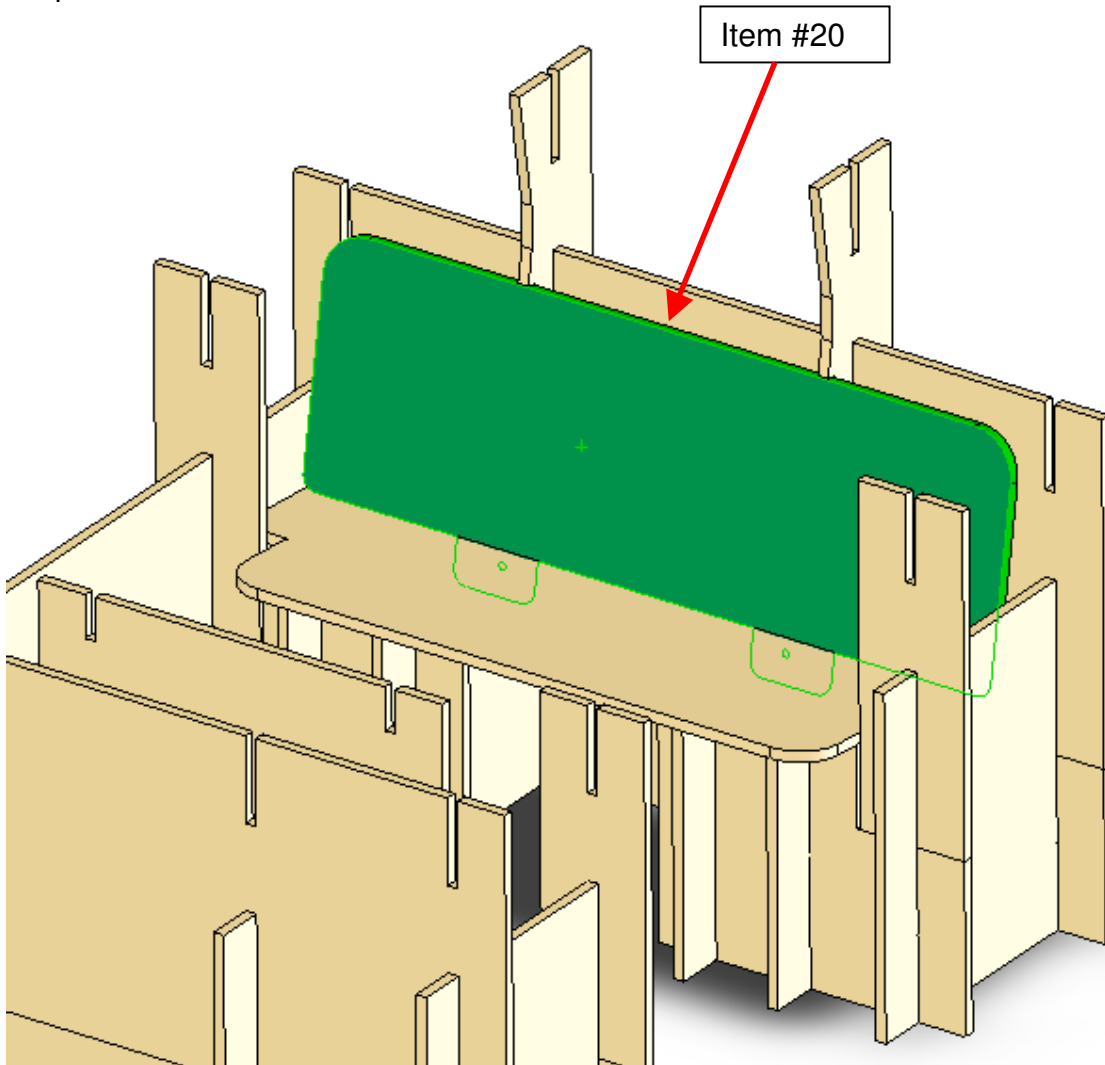

Step 3 continued

Slide in the Bench Seat and Install the Seat Back wall supports with Notches as shown

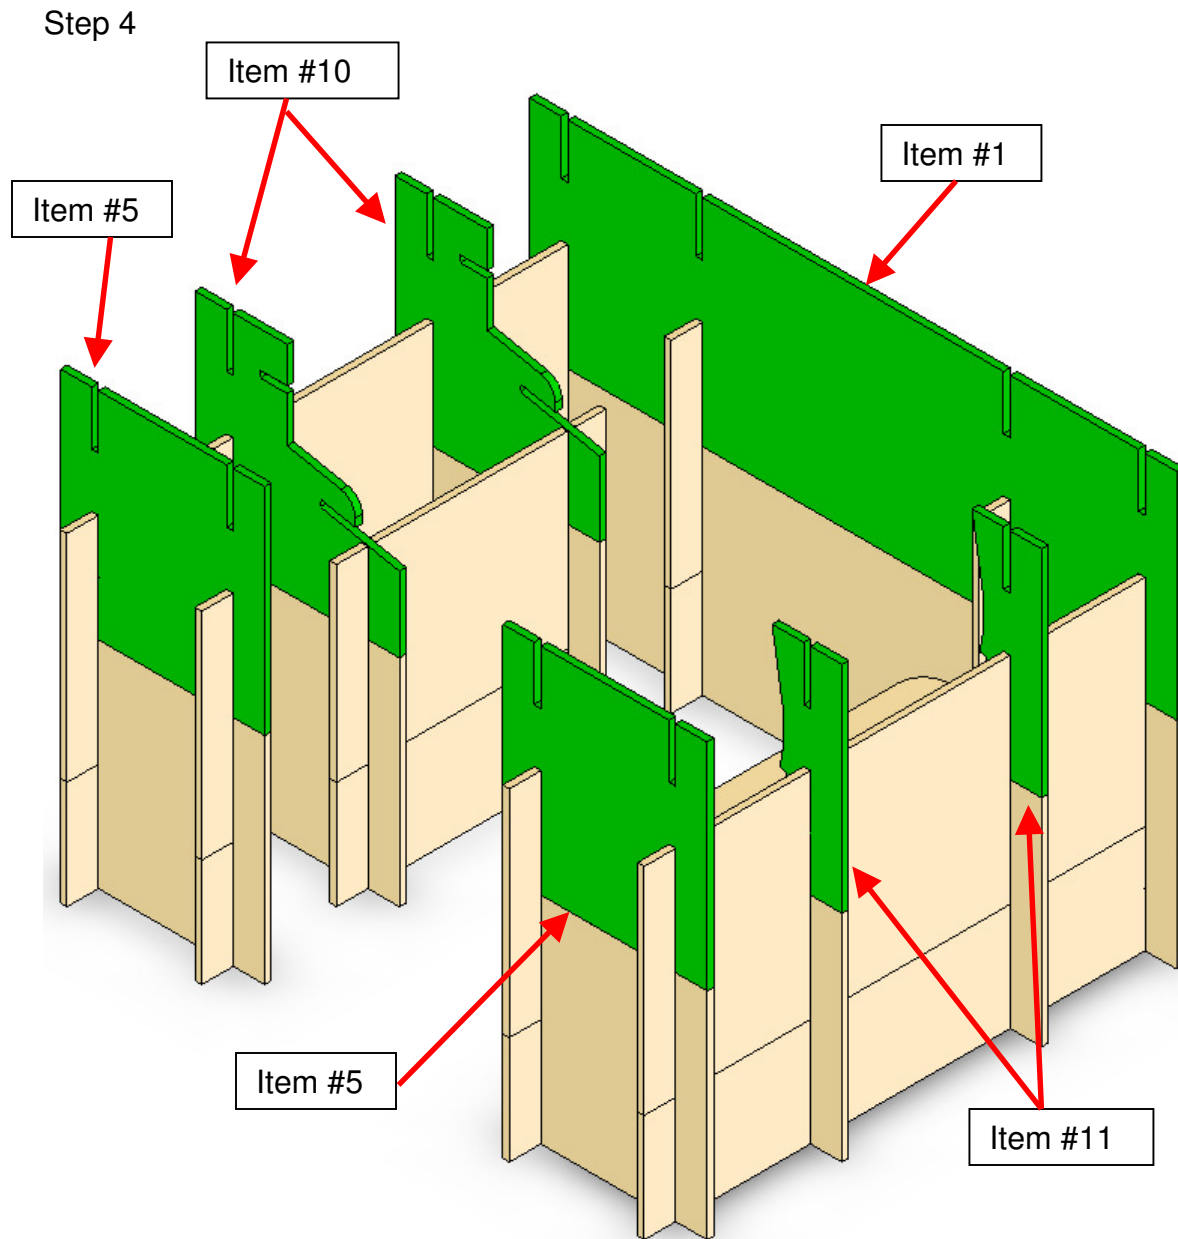

Step 3 continued

Slide the Bench Seat Back into place. Make sure that the Tabs at the bottom slide into the Bench Seat and into the supports below.

Use Dowel Pins to lock the Seat Back tabs under the Bench.

(NOTE: If you want to leave out the Bench, then use two more of Item #9 instead of Item #11 and eliminate the Bench and Seat Back, Item #19 and Item #20)

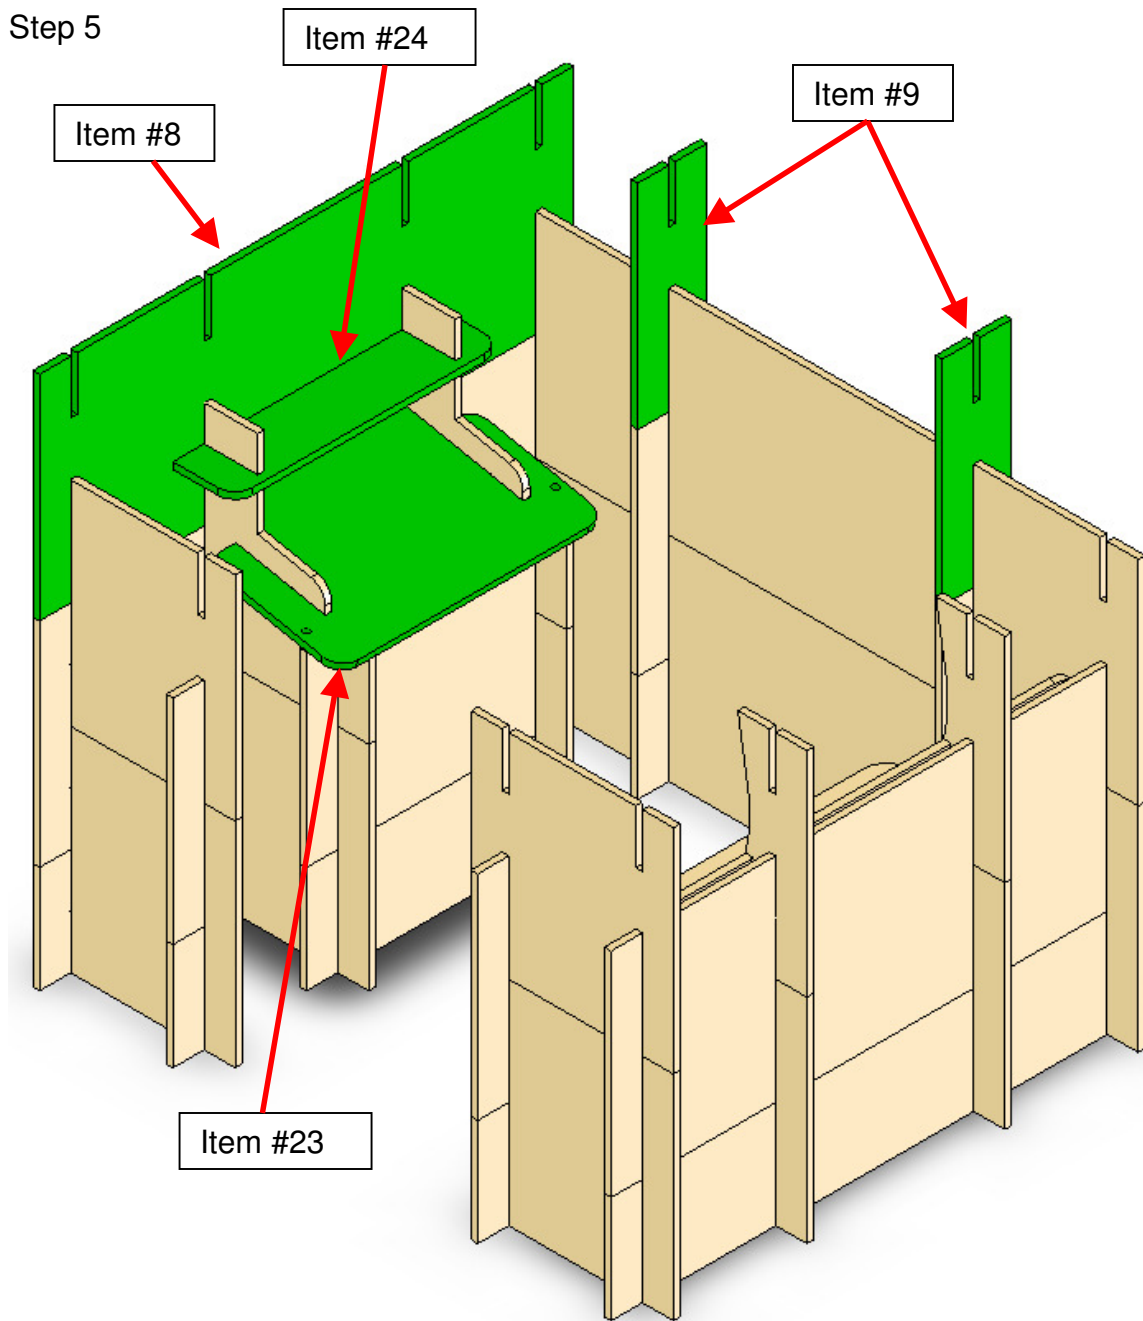

Install the next level 22.75 inch Front walls and 6 foot Back wall pieces, plus the Seat Back parts on the Bench Side and the Stand Supports on the Stand Side

(NOTE: If you want to leave out the Bench, then use two more of Item #9 instead of Item #11)

(NOTE: If you want to leave out the Stand, then use two more of Item #9 instead of the two Item #10)

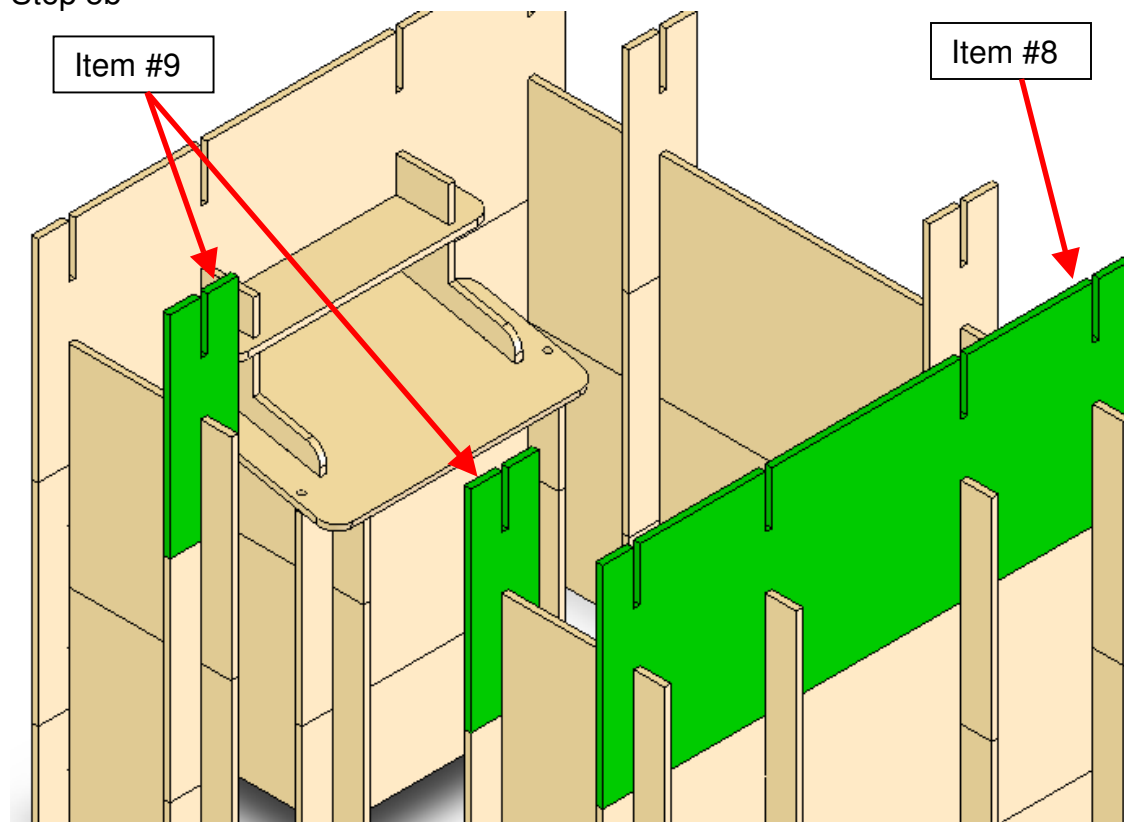

Step 5

Install the 5 foot Side Wall and the H pieces for the Back wall.
Slide the Desk Top into place and set in the first Shelf.

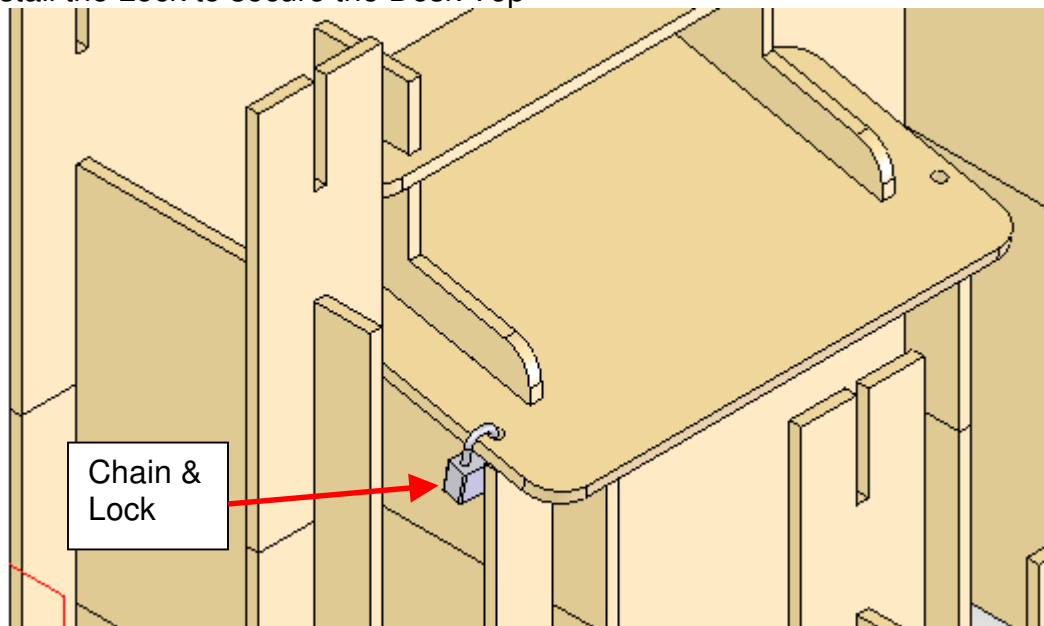

(NOTE: If you want to leave out the Stand, then eliminate Item #23 and Item #24)

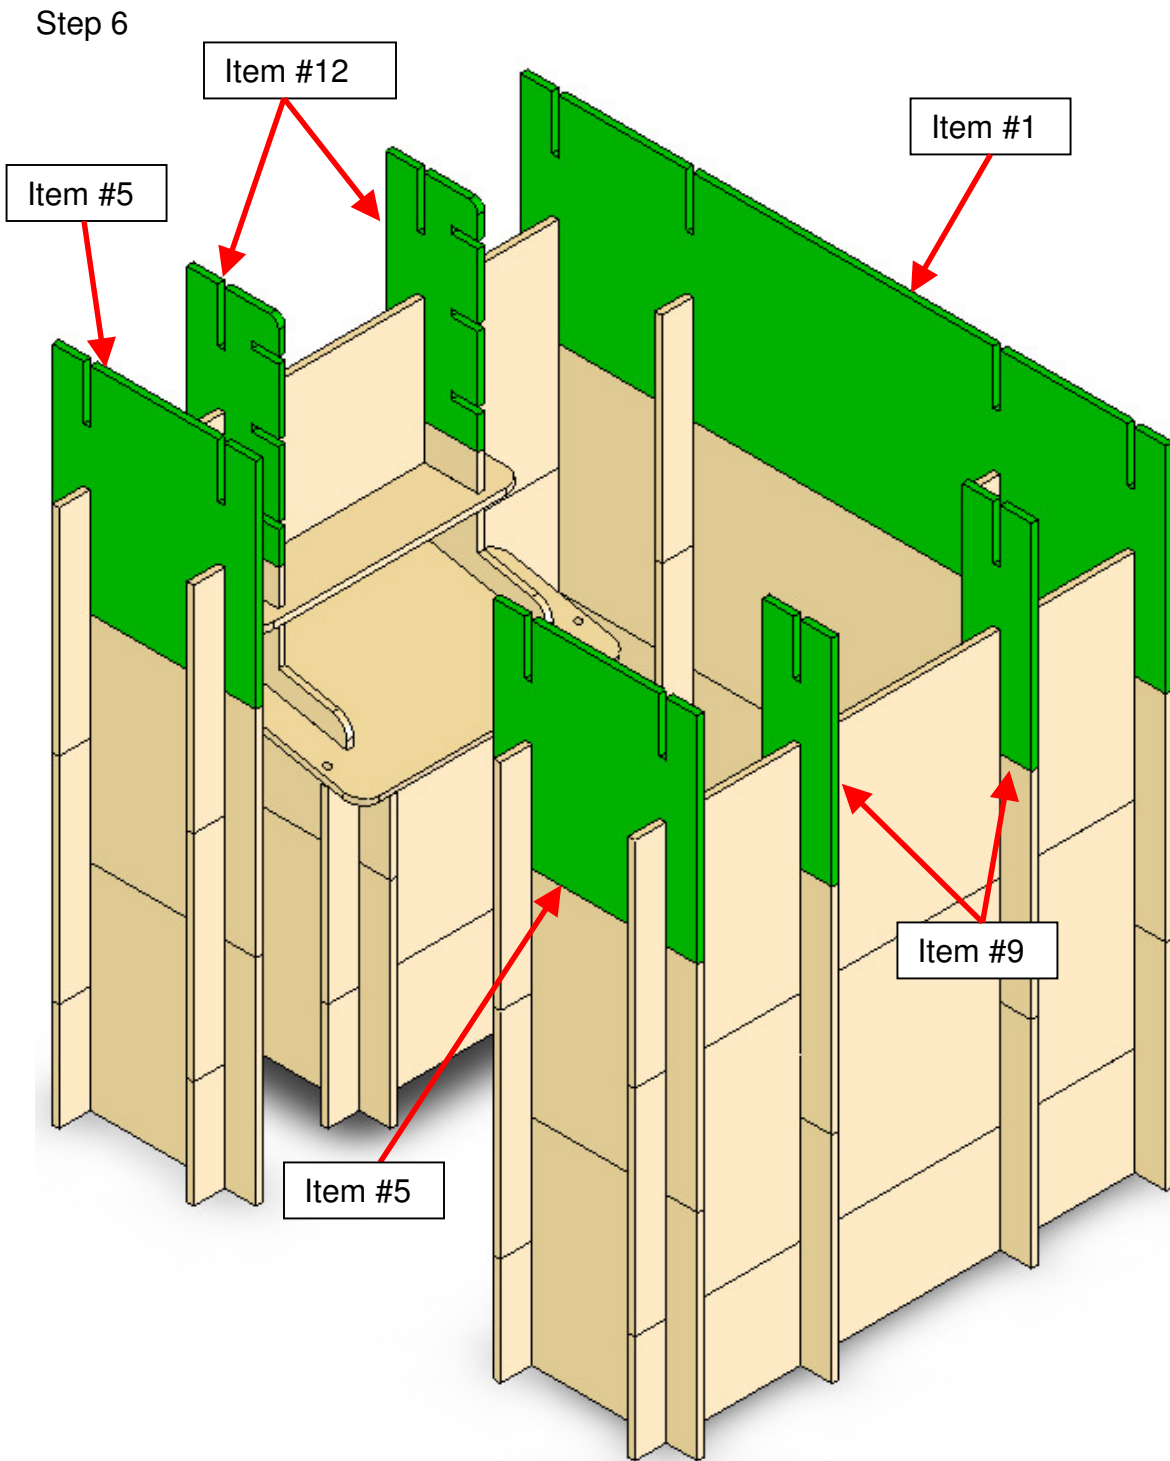

Step 5b

Set in the other 5 foot Side wall and the H pieces in the front

Install the Lock to secure the Desk Top

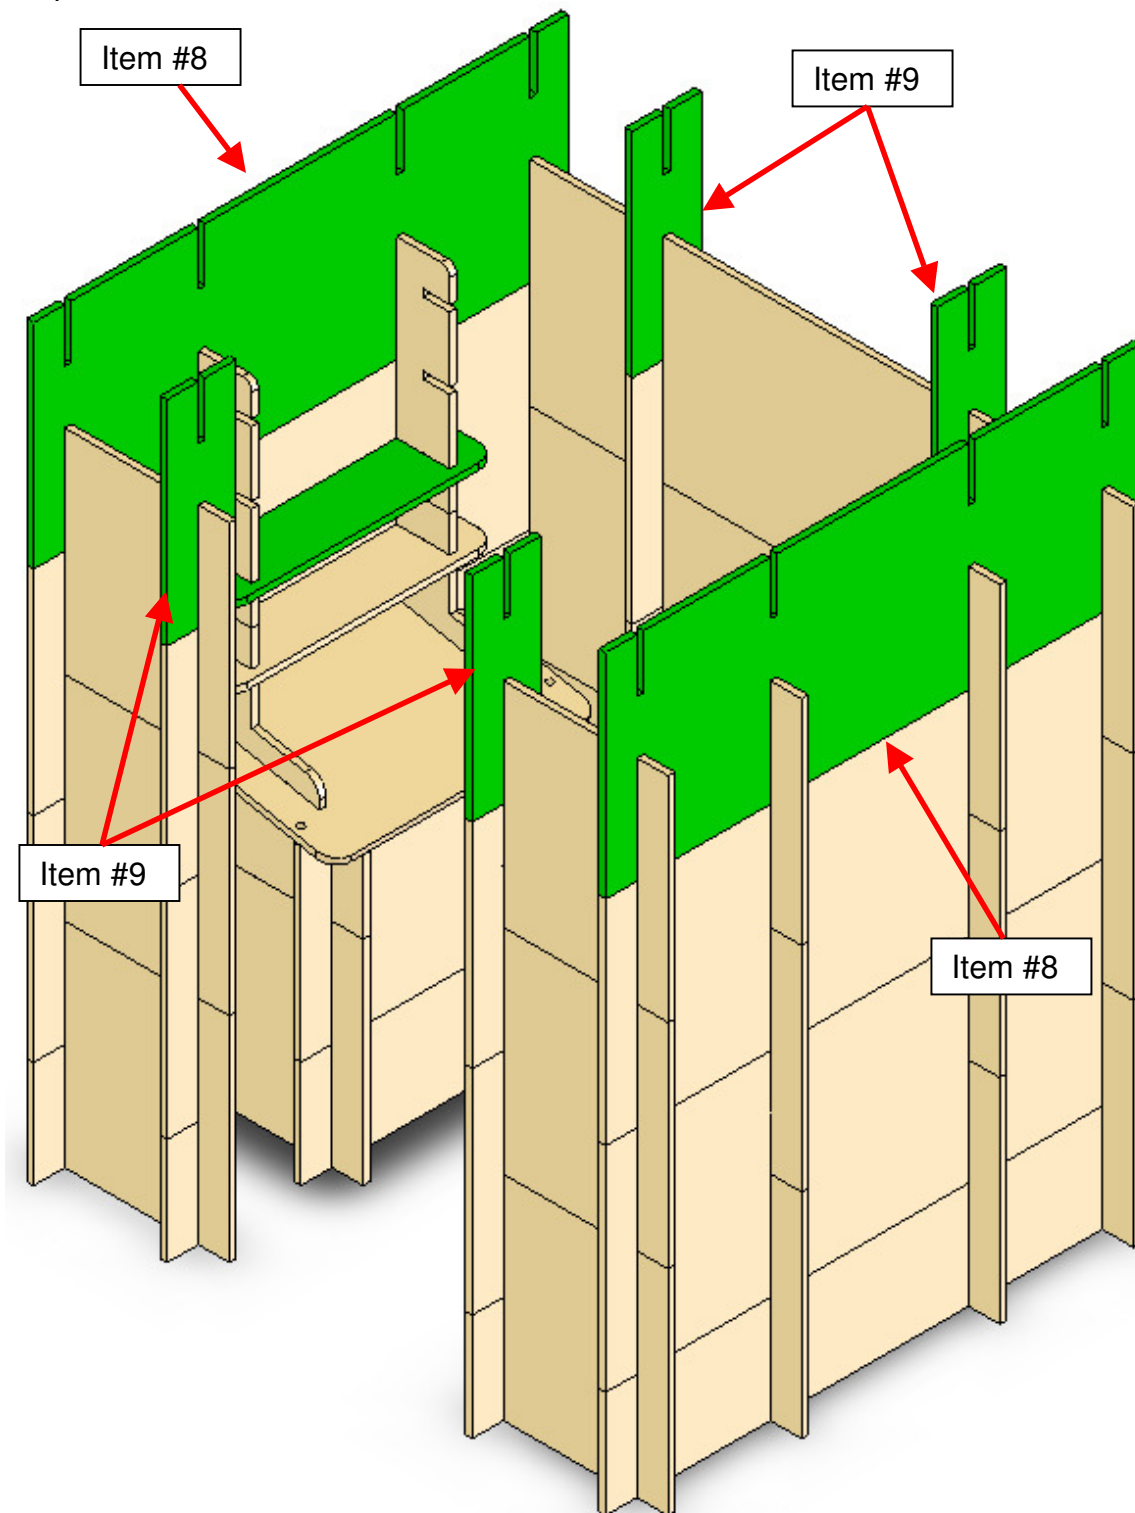

Install the next level 22.75 inch Front and 6 foot Back Wall pieces plus the next level Shelf Supports and H Pieces in the Side Walls

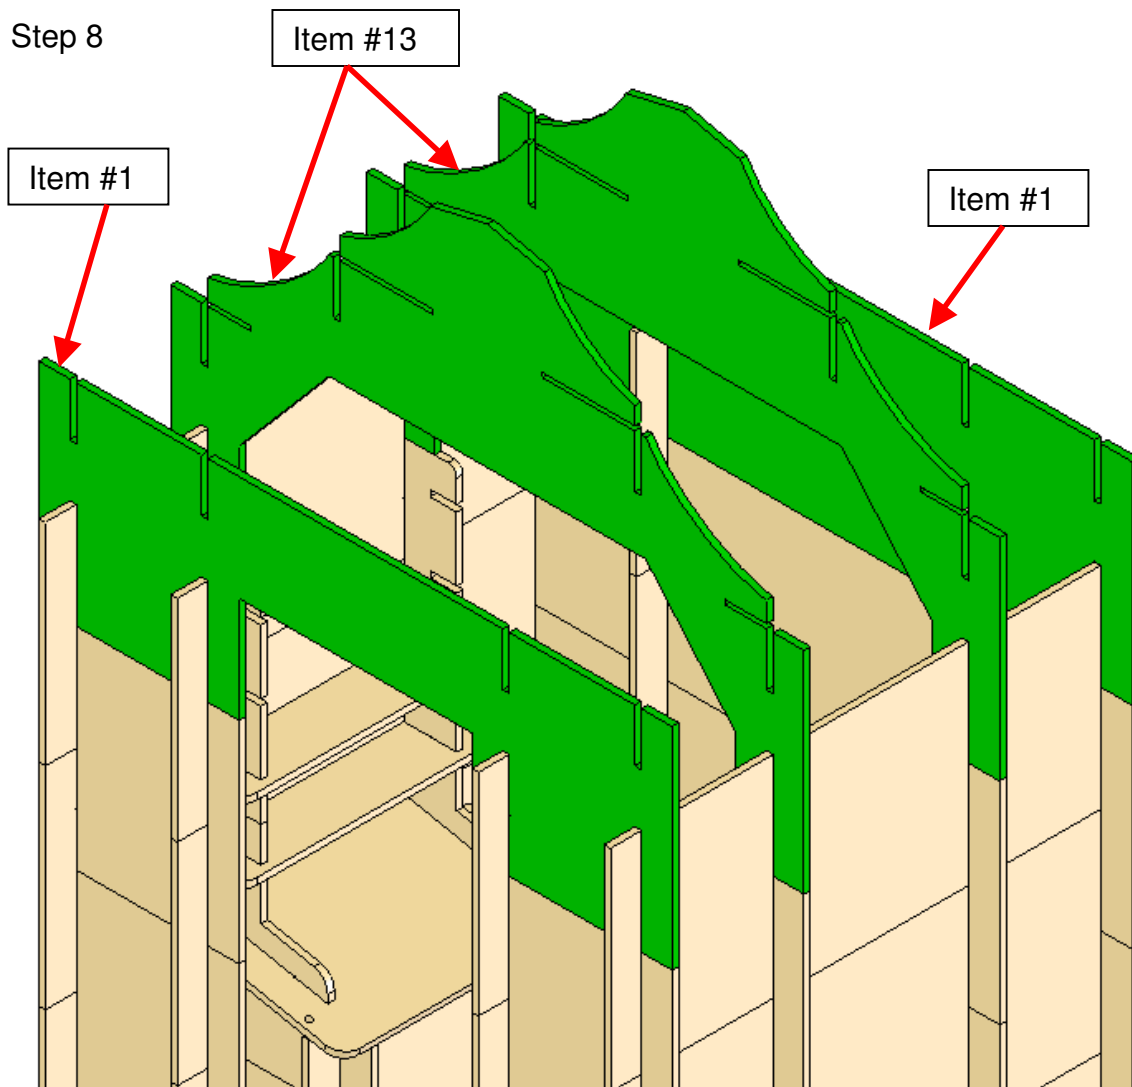

(NOTE: If you want to leave out the Stand, then eliminate Item #12)

Step 7

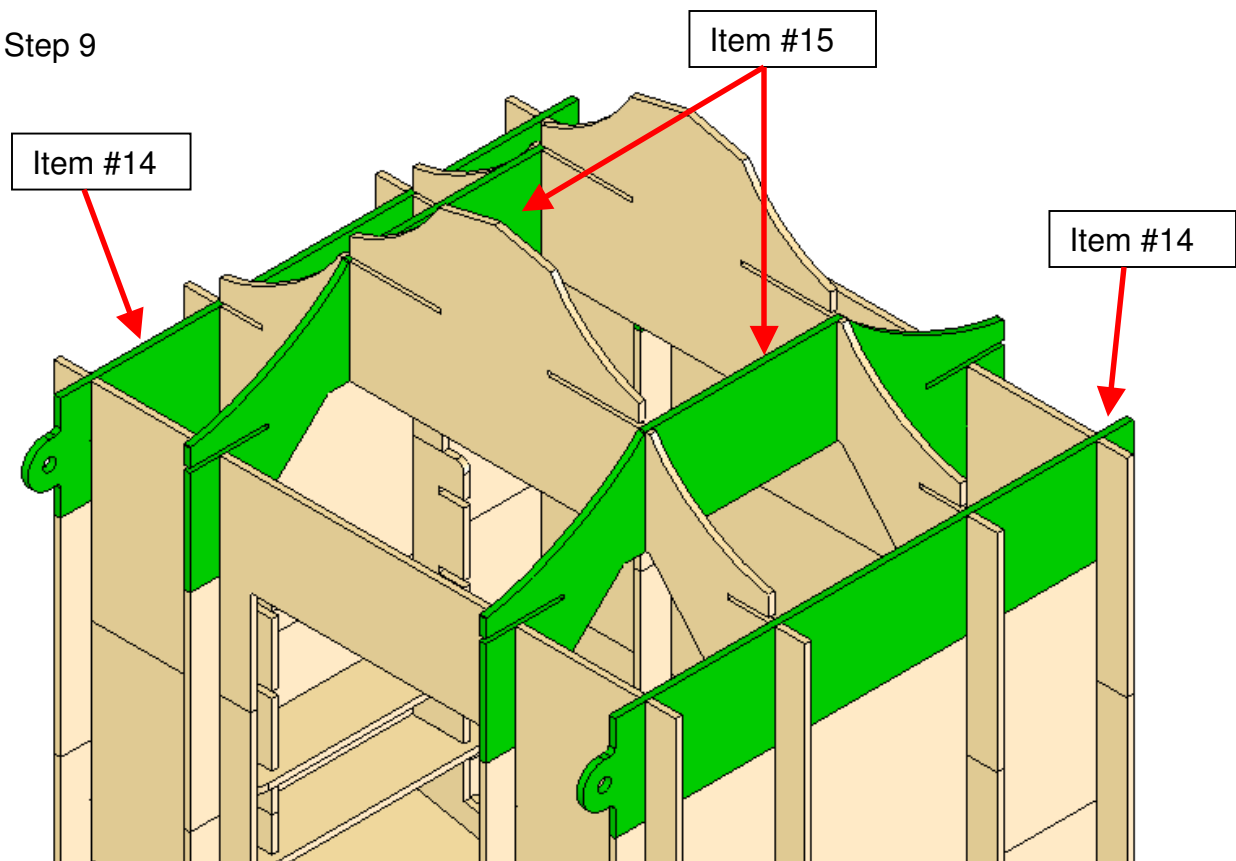

Install the next level 5 foot Side Walls plus the H pieces Front and Back.
Add in additional Shelf as desired

Step 8

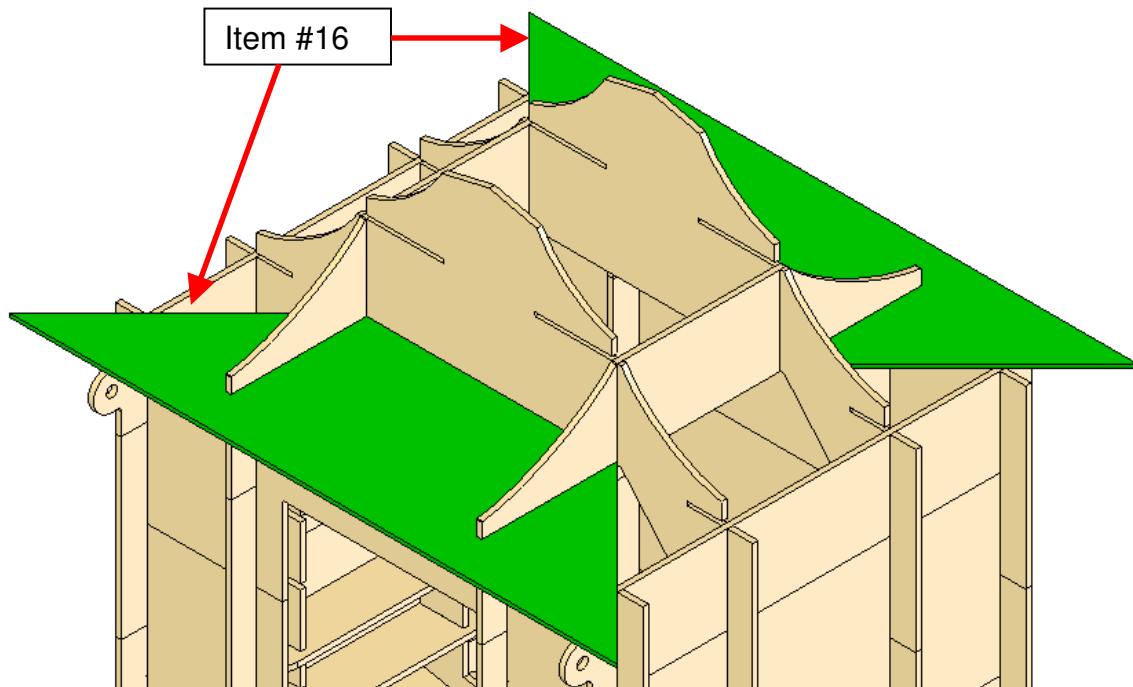

Install the next level 6 foot Back Wall
Install the 6 foot Door Frame in the Front
Install the two 6 foot scalloped Rafters
(Please be careful; these pieces are large and could break easily)

Step 9

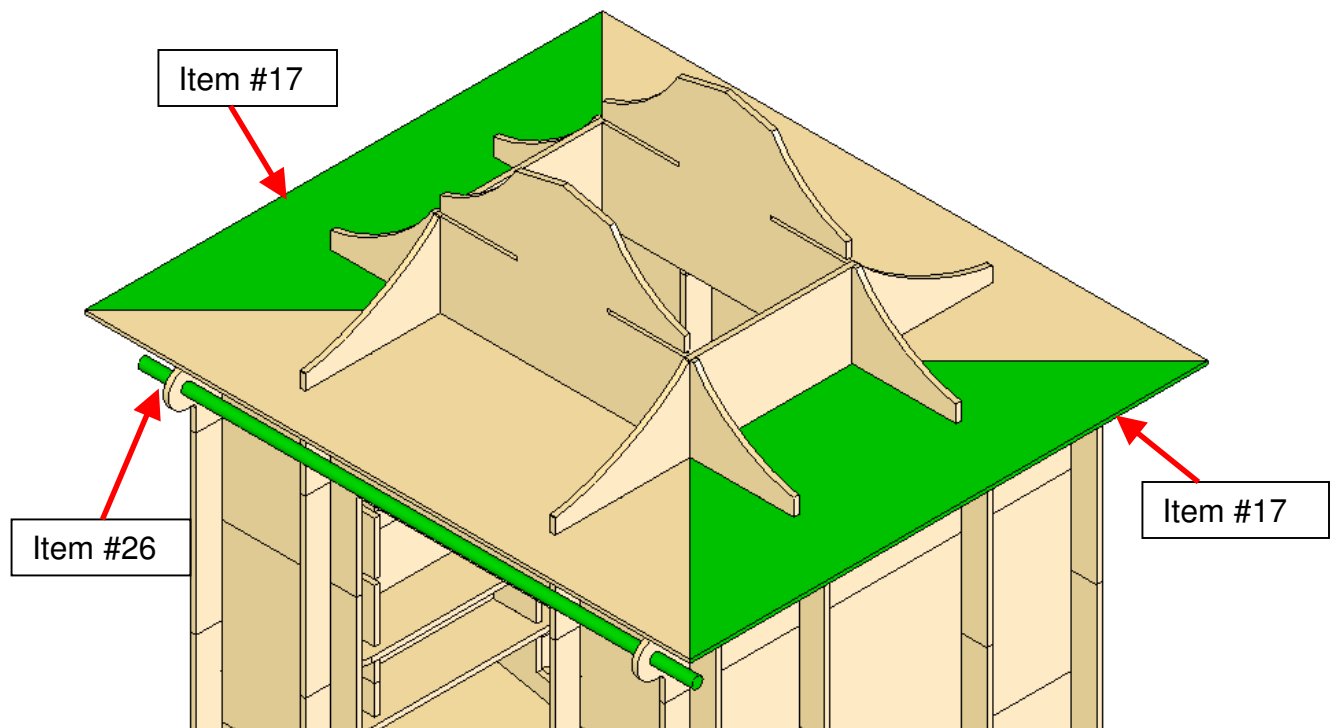

Install the 5 foot Wall Top pieces with the Rod Holes towards the Front
Install the 5 foot rafters

Step 10

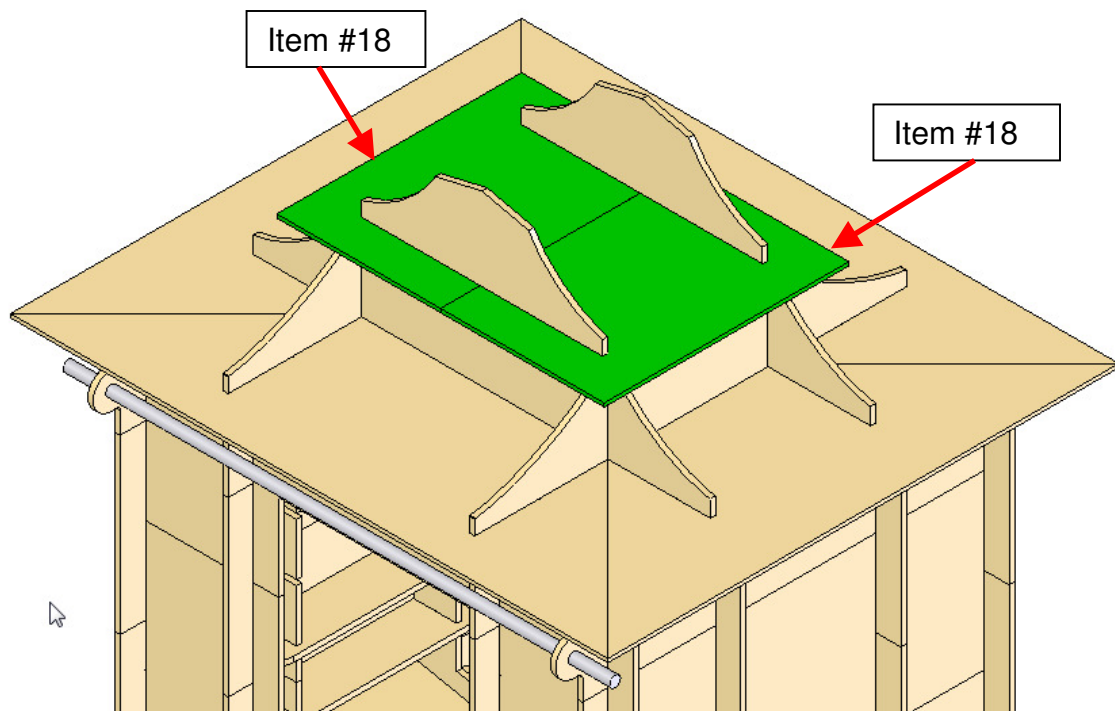

Slide in the Large angled roof pieces from the front and the rear

Step 10b

Slide in the Medium angled roof pieces from the sides.
Insert the Curtain Rod (with curtain - not shown)

Step 10c

Insert the Upper Roof pieces from the sides.

Sit back and bask in the glory of what you hath wrought.

Please Note that this is a modular design, so this can be assembled at a few different heights and it can be assembled with or without the Bench and with or without the Stand.
